Announcement of price adjustments

As of February 1, 2019, we will increase our prices by 5.8% on all our products.

The background for the price adjustment is:

- New machine investments (turning and grinding units)
- Extension of factory
- Internal costs such as salaries and media
- Increased production costs
- Increased raw material costs
- Freight cost for purchased goods

We would like to take the opportunity to thank you for the very good cooperation we have had and hope for a successful future.

If you have any questions or need further information don't hesitate to contact us.

Best Regards, Mit Freundlichen Grüßen,

Niclas Svensson,
Marketing and Sales Manager
